- **Adult Day Care**

- **SECTION 3.1.B.4. - ADULT DAY CARE**

- Adult day care programs must offer activities for individuals receiving Medicaid HCBS that are comparable to those tasks and activities for individuals of similar age and ability who are not receiving Medicaid HCBS. There also must be interaction between individuals receiving Medicaid HCBS and those not receiving Medicaid HCBS. Services must provide an opportunity for integration with the larger community. Individuals must not be kept from moving around inside or outside of the non-residential setting. If individuals require supervision to move about the setting or go outside, that supervision must be provided.

- **Adult Day Health**

- **4.1.A. ADULT DAY HEALTH**

- Adult Day Health services are furnished four or more hours per day on a regularly scheduled basis, for one or more days per week, or as specified in the service plan, in a non-institutional, community-based setting, encompassing both health and social services needed to ensure the optimal functioning of the participant. Meals provided as part of these services shall not constitute a "full nutritional regimen," i.e., three meals per day. Physical, occupational and speech therapies may be furnished as component parts of this service. Transportation between the participant's residence and the Adult Day Health center is provided when it is a standard component of the service.
 - Not all Adult Day Health centers offer transportation to and from their facility. Additionally, some of those that offer transportation only offer this service in a specified area. When the center offers transportation, it is a component part of the Adult Day Health service. If the center does not offer transportation or does not offer it to the participant's residence, then MI Choice would pay for the transportation to and from the Adult Day Health center separately. Participants cannot receive Community Living Supports while at the Adult Day Health center. Payment for Adult Day Health services includes all services provided while at the center. Community Living Supports may be used in conjunction with Adult Day Health services, but cannot be provided at the exact same time.
