## Helpful Tips:

### Instant Access

Start using your card as soon as you get paid. Make purchases, shop online, pay bills and more.

### Setup a PIN

Your PIN is a security code used to verify transactions and get cash from an ATM. If you forget your PIN, call the number on the back of the card to reset it.

### Swipe and Sign

No need to use cash for purchases. When paying in-store, swipe your card, choose "credit" and sign your receipt. Signature transactions are always FREE.

### Need your Account Information?

Call Customer Service at **833-848-5768** to obtain your Account and Routing number. With this information, you can now take your card with you to other jobs.

### Need cash?

Use one of the 55,000+ Allpoint ATM Network terminals and withdraw cash with no fees. Or get cash back when making a purchase for a small fee. Visit [www.allpointnetwork.com](http://www.allpointnetwork.com) to find ATM locations near you.

### Gas purchases

It is best to go inside and ask the cashier to authorize an amount within the remaining card balance. If you pay at the pump, an average purchase of gas will be pre-authorized since the final amount is unknown. If this amount is more than your card balance, your card will be declined.

### Mobile App

Download the PT MyDashCard app to easily manage your account. Check your balance, see transaction history, lock your card if lost or stolen, and many more features.
