CRR is committed to detecting and preventing sexual harassment and sexual abuse in our facility. Staff training and education is a key component in prevention efforts. Policies and procedures are in place and HOC will continue to take steps to ensure the safety of our staff and clients. The resident intake provides clear information about the zero tolerance policy and the definitions of sexual abuse and harassment. Residents are provided with multiple avenues in which to report concerns. Staff are detailed in their orientation with clients when reviewing PREA and the zero tolerance policy.
